

Generosity is a force of change...

2007 Annual Report

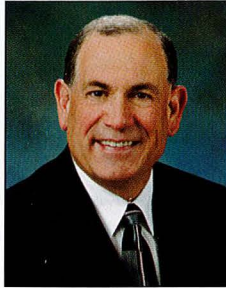

CFSF
Community Foundation
of Southeast Kansas

A creator of hope and possibility.
 It embraces the real needs of real
 People at the same time it celebrates their individual
 Humanity. So what does it take to give?
Compassion. Initiative. Purpose.
 But to travel far, and to reach its full potential,
 Generosity also needs integrity and guidance.
 Deliberate and responsible supervision.
 When people decide to give, and then focus
 Their ideas and energies intelligently,
 Excellence in a society begins to shine.
 Person by person. Community by community.

Message from the Board President and Executive Director:

Ron Marrone

Kimberly Clark

On behalf of the CFSEK Board of Trustees and staff, thank you for making 2007 another outstanding year. Together, we are building something that will continue to give back to our community and grow for generations to come. For more than seven years, the CFSEK has helped our residents by providing the needed tools and resources to make meaningful and lasting gifts in ways that are easy, flexible, and personable.

As proud members of the southeast Kansas area, we have a deep understanding of the challenges and needs here, and we are working hard to meet those needs. Since inception, through the help of many donors, we have given more than \$3 million in grants meant to enrich and benefit the lives of southeast Kansans. Our assets continue to grow as well with strong indication that we will soon reach \$7 million in funds under management. The CFSEK looks forward to continued growth as it connects people and their philanthropic passions, merging dreams and resources to build better communities throughout our area.

Good things for our communities result from individual charitable intentions. However, great things unfold when partnerships are formed. That's the role of the Community Foundation of Southeast Kansas. By bringing people together, the CFSEK is able to multiply funds and resources. The outcome is increased support for various organizations, issues, and opportunities that shape our area's future.

It is a wonderful time to be a part of the CFSEK. Together, we are making a significant difference in the quality of life of southeast Kansans.

Types of Funds

When people want to make a charitable gift, the most common option is to make a donation to a public charity, such as the Community Foundation of Southeast Kansas (CFSEK), that serves a broad range of causes. The CFSEK permits people to tailor their gifts to serve their charitable interests and financial goals now and in the future. A wide range of philanthropic options are offered by the CFSEK. They include:

Donor-Advised Funds are often created as an alternative to a private foundation and allow donors to recommend the charitable organizations and causes to be considered for grants.

Field-of-Interest Funds benefit specific areas such as education, youth, health, the arts, etc. that are of interest to the donor. They can also benefit a geographical area.

Unrestricted Funds give the CFSEK the discretion to make grants that address the most urgent needs of the community as they change over time.

Designated Funds make grants to specific organizations chosen by the donor when the fund is established.

Scholarship Funds Donors may designate a particular school, field of study, select eligibility requirements, and name an advisory committee

Agency Endowment Funds are created by other nonprofit organizations as a means of protecting their charitable dollars for the future and to ensure a source of annual support for their programs and operations.

Thanks to the generosity of a donor, Europe Park in downtown Pittsburg underwent a major transformation in 2007. A highlight of the "pocket park" is the water wall that compares to Paley Park in New York City.

Giving Circles

Giving circles are generally defined as a group of individuals who pool their time and resources to collectively focus contributions in a common area of interest or social issue. The benefits of this idea of collective giving allow members to learn about philanthropy, their community, as well as specific areas of need, all while making an immediate impact.

The CFSEK currently hosts two giving circles, the Future Fund and the Rita J. Bicknell Women's Giving Circle. Both are comprised of community members who want to have an impact in southeast Kansas and are using their collective resources to build a permanent endowment fund thereby establishing long term sustainability for worthwhile initiatives. All membership donations to giving circles at the Community Foundation are tax deductible. For more information on giving circles or membership availability, please contact the CFSEK office at 620-231-8897.

Future Fund

The Future Fund began in the spring of 2005, and in 2006 it boasted a membership of nearly 150 residents in Crawford County. A yearly membership is open to anyone making a \$250 donation. Membership social events will be held twice a year.

The Future Fund group met September 22, 2007 for a tailgate party and annual business meeting at the PSU vs. Missouri Western football game. During the business meeting, the Future Fund grant committee presented three grant candidates for review. Those in attendance voted to grant \$1,300 to the Children's Advocacy Center of Pittsburg to help fund new playground equipment and \$1,540.40 to the Crawford County Youth Leadership Program to help fund their annual celebration. The group will continue to make grants on a yearly basis at its fall business meeting.

In 2007 the Future Fund surpassed their initial five year goal to endow \$100,000. As of December 31, 2007, the Future Fund balance was \$116,585.38.

Rita J. Bicknell Women's Giving Circle

December of 2007 marked a philanthropic milestone for women in Southeast Kansas with the establishment of the Rita J. Bicknell Women's Health Fund. The mission of this fund is: "to improve the health and well being of women by supporting education, increasing awareness, and sharing quality of life opportunities to benefit all women."

In conjunction with the endowed Health Fund, the CFSEK and Rita Bicknell created a giving circle to allow for immediate impact of the pooled resources. To do this, they convened a group of women to discuss the issues surrounding women's health in southeast Kansas. Some of the issues that concern and touch these women are: health care for the older generation, education of young mothers, menopause, obesity, and the lack of information readily available for women about their health.

The annual membership contribution for the Women's Giving Circle is \$2,000. Fifty percent of each contribution will be placed in the endowment fund, while the remaining will be used by the circle to grant back to the community. The Women's Giving Circle looks forward to its first grant cycle in 2008.

Nutrition and Physical Activity Project Update

In the fall of 2006, CFSEK received a three year-\$300,000 grant from the Kansas Health Foundation to improve nutrition and physical activity awareness in the southeast Kansas area. This philanthropic organization's mission is to improve the health for all Kansans. With the receipt of the grant, the CFSEK has combined local awareness efforts with the state-wide public motivation campaign, change something®, that was launched by KHF in September of 2006. As a result of the NPA grant, the CFSEK added the position of Program Director to its staff in 2007, and in May, Stephanie Joiner joined CFSEK in that position.

To begin the NPA project in 2007, the Community Foundation remained in Crawford County, and visited area organizations to talk to members about their views on health and wellness and how the community could support their efforts to live healthy and active lives. With the results of the Listening Tour CFSEK convened local citizens to form the Health and Wellness Committee, through the Crawford County Community Coalition, known as Live Well Crawford County. The Health and Wellness committee created a strategic wellness plan for Crawford County, focused on the results of the Listening Tour. Their Vision is Crawford County: Healthy and Active for Life!

Using the strategic plan of the Live Well committee, the CFSEK determined that the best strategic focus for the NPA Project grants in 2007 was motivation and support. Thus, all grant applications had to have an emphasis in motivating and supporting healthy lifestyles. In 2007, the CFSEK granted approximately \$26,000 to the following programs: USD 250/PCMS – Dragons Fired up for Change; SEK Interlocal – Healthy Beginnings; KIDS FIRST Daycare – Healthy KIDS; Restorative Justice Authority – Healthy, Active, and Ready to Learn, and Live Well Crawford County – Crawford County School Wellness In-service. For more information about these grants, please turn to page 11.

During the spring of 2008, the Community Foundation moved into Bourbon, Cherokee, and Labette Counties and presented to 20 groups and nearly 300 participants of all

ages during a second Listening Tour. With the addition of the three counties to the NPA Project, the impact that CFSEK can have is growing. The results of the 2008 Listening Tour will be used to guide the 2008 Grant Applications. If you would like more information about the Listening Tour results or the NPA project, Contact Stephanie Joiner: 620-231-8897 or stephanie.joiner@southeastkansas.org.

Phase 5 Challenge Completed Early

Thank you to each and every donor who helped the CFSEK to complete the GROW Phase V Challenge from the Kansas Health Foundation. The Challenge required the CFSEK to raise \$700,000 in new endowment funds and \$50,000 in new operating funds. Due to our success, the CFSEK will be receiving \$350,000 to be placed in the KHF Children's Endowment Fund (managed by the CFSEK) and \$100,000 to be placed in the newly formed CFSEK Operating Endowment Fund.

Originally, the Challenge was to run through December of 2009. In early Fall 2007, the KHF announced plans to offer a Bonus Challenge to those community foundations that could complete Phase V by December 31, 2007. The Bonus Challenge encourages community foundations to work with school foundations to build endowment funds at the CFSEK. The Community Foundation will be working with area school systems through May 2009 to complete the Bonus Challenge.

CFSEK has participated in the Kansas Health Foundation GROW initiatives since 2001. The GROW (Giving Resources to Our World) Healthy Kansas Initiative is a partnership between the Kansas Health Foundation and a select group of community foundations throughout the state of Kansas. The Kansas Health Foundation believes that Kansas community foundations build and strengthen their communities.

CFSEK Welcomes New Affiliate:

Fort Scott Area Community Foundation

The Community Foundation of Southeast Kansas is pleased to announce the formation of the Fort Scott Area Community Foundation (FSACF). CFSEK Trustees and staff worked with a dedicated group of Fort Scott citizens for several months in 2007. The result is a new community foundation serving the greater Fort Scott area.

FSACF Board of Directors include Jim Banwart, Sr., Janet Braun, Dave Birk, Susan Brown, Katie Casper, Tex Crutcher, Charles Gentry, John Horn, Carol MacArthur, Dean Mann, Shirley Palmer, Aileen Pollock, Carolyn Sinn, Paulette Smith, John Spencer, Allen Warren, Rick Werling, and Jared Witt. Janet Braun is serving as chairperson of the Board.

The Community Foundation of Southeast Kansas currently serves donors in Bourbon, Cherokee, Crawford, and Labette counties. CFSEK recognizes the need for individual communities within this service area to build long term community capital of their own. The CFSEK looks forward to providing technical assistance to the Fort Scott Area Community Foundation in its endeavors to establish permanent funding for their community.
